NetSpace

Fullstack Developer

KOL Safety · Fullstack — 07/2026 – present · safety.netspace.vn

AI moderation for Vietnamese video: a 0–100 safety score, violations pinpointed to the second, bulk scans of TikTok/YouTube channels.

- Built the YouTube channel scan flow and the TikTok/YouTube channel workspace: filters, video selection, scan queue, pagination.
- Integrated the crawler and applied the Digital Culture Code of Conduct to scoring; channel verification for KOL Hub via SSO and webhooks.

Next.js 15, NestJS, Prisma, PostgreSQL, BullMQ, Redis, FastAPI, faster-whisper, Gemini

NetEvent · Fullstack — 07/2026 · event.netspace.vn

Subscription SaaS for creating and running events: registration pages, ticketing, QR check-in, automated emails.

- Set up a 3-app monorepo (web, admin, API) routed by subdomain; configurable role groups, owner transfer, realtime notifications.
- Camera check-in, OTP/ticket/reminder emails; Dockerfile, migrations and CI for the dev environment.

Next.js 16, Prisma 7, PostgreSQL, JWT, Mailjet, Docker, GitLab CI

Thien Khoi Blood Donation · Fullstack — 05 – 06/2026 · hienmau.netspace.vn

- Registration, QR check-in, queue coordination and a TV call screen with text-to-speech, synced in realtime across desks.
- Moved realtime from SSE to Socket.IO + Redis pub/sub for multiple pods and 1,000+ connections; admin with audit log, Excel export.

Next.js 16, Payload CMS 3, Socket.IO, Redis, PostgreSQL, Playwright

kol.gov.vn · Fullstack — 03 – 07/2026 · kol.gov.vn

- Official KOL/MCN portal and rankings: home page, Top 100, detailed profiles, search.
- KOL/MCN registration forms (platform auto-detected from the channel link), violation reports, campaign sign-up; moderation widget in the Laravel Filament admin.

Next.js 15, Prisma, PostgreSQL, BullMQ, Redis, Turborepo, Kubernetes

KOL Hub · Fullstack — 10/2026 – present

Campaign marketplace connecting brands with KOLs/MCNs. Integrated channel verification with KOL Safety via SSO and webhooks.
